ThreatDefend Premium

**All-in-One Cybersecurity for Small
to Medium Size Businesses**

**Powered by Vijilan ThreatDefend,
CrowdStrike, and Cribl.**

ThreatDefend Premium is Vijilan Security's flagship cybersecurity bundle designed specifically for businesses supporting remote or hybrid clients. This fully managed service includes everything you need — EDR/XDR, identity protection, exposure management, SIEM, and 24/7 SOC — all for one predictable monthly price.

What's Included

Falcon EDR/XDR

with 24/7 SOC threat detection
and containment

Identity Protection

for Microsoft 365, Entra ID, and
AD (mITDR)

Exposure Management

(Discover + Spotlight) with
ExPRT.AI risk scoring

SIEM + Log Retention

powered by Cribl (12-month
live + 7-year archive)

Incident Response

by Vijilan's SOC (triage,
escalation, containment)

Compliance Templates

for HIPAA, PCI, CMMC, and
more

All-Inclusive Pricing

No Hidden Fees

Simple and Predictable Pricing

- Simple, per-employee pricing
- **Optional:** 15% off with annual prepay (locked through end of 2026)
- No bundling needed—everything is included
- Just one active subscription locks in your pricing
